

# ProjektElits

India Private Limited

## ABOUT US

ProjektElits, an independent entity, came into existence in the year 2018, with the experience and history dating to the year 1992 when the Wood Industry in India was innovating itself. Our products range from various Plywood of different grades (Structural, Commercial, Water-Proof, Flexible, Fire Retardant), dimensions and standards, Particle and Densified Boards, and Laminates to enhance the look and feel of spaces.

For over 25 years, we have evolved ourselves in being a strong stakeholder of the Retail / Dealer's market in South and East India with over 7000 satisfied customers. With time, wood taught us to work with accuracy, precision and to look for straightforward solutions.

ProjektElits will cater to the Project segment guided by the rich experience that runs in the associated entities. We offer a comprehensive portfolio of products that are "All from Wood". Our product range includes :

- Plywood
- Laminates
- WPC Board
- Finished Furniture
- Wall Claddings
- Aluminium Channels
- & everything wood!

## INFRASTRUCTURE

Our corporate office is in Bengaluru (Karnataka) with an infrastructure spread in approx. 1,50,000 sq. ft. of space to cater our customer's demands on time. Our offices and warehouses are also at various parts of the country; Kolkata, Chennai, Hyderabad and Mysore which enables us to spread our wings to the inter-city projects.

We are a one stop to all challenges related to Interior and Exterior components in making a dream project beautiful. We aim to be your trusted partners and offer dedicated solutions at every step of your project.

# PLYWOOD

## MR- GRADE PLYWOOD

Superior quality, suitable for all interior applications where durability and economy is required. It conforms to IS: 303. An ideal choice for domestic & office spaces

## BWR-GRADE PLYWOOD

A far superior grade than MR conforming IS: 303. In close confirmation to the properties of IS 710. A multi-purpose plywood, can be used in domestic and office areas, kitchens, bathrooms and toilets etc

## BWP-GRADE PLYWOOD

Premium quality exterior calibrated plywood, comes with 100% Gurjan core conforming IS:710. An excellent material for ship flooring/ decking, material handling vehicles, cargo hold covers, yachts, life boats etc.

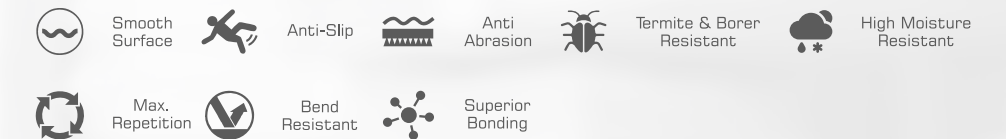

## MEDIUM DENSITY FIBRE BOARDS

Made from Eucalyptus and Silver Oak; with panels manufactured from wood fibres bonded together under heat and high pressure conforming to IS: 848. Exterior and Interior grades conforming IS: 12406 with prelamination conforming IS: 14587.

## FILM- FACED SHUTTERING PLYWOOD

The range of film faced plywood is well known for its specially treated waterproof coated edges and mirror-finish smooth surface conforming to IS:4990. It is originally used for fine faced concrete work and vehicle building. Phenolic plywood is also now used in access towers and scaffolding systems. The plywood is edge sealed to minimize the ingress of water.

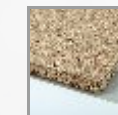

## PRODUCT DERIVATIVES

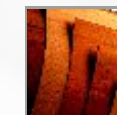

Block Boards

Pre-Laminated Boards

Particle Boards

Decorative Veneers

Packaging Ply

Flexible Ply

Flush Doors

Available in various Dimensions and Thicknesses

# LAMINATES

## ★ FEATURES

All-Weather Friendly

Anti Bacterial

Anti Fungal

Anti Ageing

Cost Effective

Dimensional Stability

Eco Friendly

Frost Resistant

Heat Resistant

Longevity

Low Maintenance

Range of Features & Patterns

Solvent Resistant

Stain Resistant

Termite Resistant

## 📦 PRODUCT RANGE

- Anti-Fingerprint Laminate
- High-Pressure Laminate
- Counter-Top Laminate
- Anti-Bacterial Laminate
- High-Gloss Laminate
- Unicore Laminate
- Chalk Grade Laminate
- Marker Laminate
- Fire-Retardant Laminate
- Anti-static Laminate
- Digital Laminate
- Scratch- Resistant Laminate
- Synchronised Laminate
- Industrial Laminate
- Compact Laminate
- Custom Laminate
- Compact Laminate
- Lab Guardians
- Bendable Laminate

## SIZES (W X H)

- 940 x 2160 mm
- 1220 x 2440 mm
- 1295 x 3048 mm
- 1300 x 3050 mm
- 1525 x 3660 mm
- 1830 x 3660 mm

## THICKNESS

- 0.5 mm
- 0.6 mm
- 0.7 mm
- 0.8 mm
- 0.9 mm
- 1.0 mm
- 1.5 mm
- and above (upto 30 mm)

## COLOURS

Most solid colors readily available.  
For custom colors, connect today.

## EDGE BANDING

100% matching edge banding to your laminate, connect today

## TEXTURES

- Velvety Soft
- Raw Silk
- Hd Gloss
- Suede
- Gloss
- Stone
- Rocker
- Bricks
- Ash
- Floral
- Wood Grains
- Square Grid
- Fancy
- Metal Foil
- Abstract
- And over 500+ More Textures

LAMINATES

## WPC BOARD

### WHAT IS WPC BOARD?

Wood-plastic composites (WPCs) are composite materials made of wood fiber/wood flour and thermoplastic(s) (includes PE, PP, PVC etc.). Chemical additives seem practically "invisible" (except mineral fillers and pigments, if added) in the composite structure.

### FEATURES

Innovative Composition

Best Alternative to Plywood

Seamless Workability

Strong and Durable

Environment Friendly

Efficient Product

Warp Resistant

Cost Effective

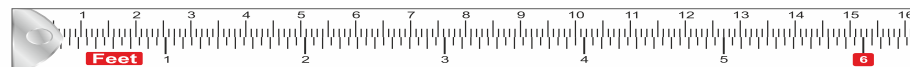

Zero Wastage

100% Lead Free

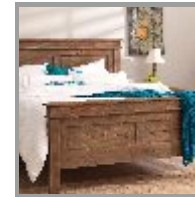

### SIZES

8 x 6 Feet 1<sup>st</sup> Time in India
